Secretary
US nuclear Regulatory Commission
Washington DC 20555

Dear sir/madam,
I am responding to the information
that DOE + NRC want to dispose
of nuclear/radioactive waste by
recycling it into consumer products.
They / you must be insane!
you should not, REPEAT
NOT, release any of these
materials this way.
NO DOSE IS ACCEPTABLE!
LABELED OR NOT.

Sincerely,
Muriel F Cole
