Dear Rulemaking and Adjudications Staff:

I'm an energy reporter in real life and I've heard some gems out of your organization, but this one is too wild and too damn dangerous for belief.

CR  
AD

Don't do it.

Better to shut down the makers of waste (nuclear plants) and find a place for the huge stockpile we already have.

Cordially,

J.A. Savage  
3006 Sheffield Ave.  
Oakland, CA 94602  
(510) 534-9109
