Dear Mr. Eaddy:

In order to close out our actions relating to the Troxler Consent Order for those licensees in Nuclear Regulatory Commission (NRC) jurisdiction, we request you or Troxler provide a list of those NRC licensees that have not responded to Troxler's bulletin or have indicated that they do not plan to have their devices inspected. In the list, please include the licensee, address, phone number, person to be contacted, and serial numbers of gauges possessed. Also please provide the items that need additional clarification or information as specified in your letters dated April 6, 1999, and July 26, 1999 to Mr. Douglas Broaddus.
