Re: **Docket No. 50-410**
Facility Operating License No. NPF-69

Ladies and Gentlemen:

Reference is made to your Order, dated July 19, 1998, as extended by your Order, dated July 13, 1999, approving the proposed indirect transfer of the above-mentioned license to the extent it is held by this Corporation to an unnamed proposed holding company of this Corporation.

Please be advised that, on December 15, 1999, this Corporation's holding company restructuring became effective and this Corporation is wholly-owned by a New York corporation called CH Energy Group, Inc. with the same address as this Corporation.

Very truly yours,

Gladys L. Cooper
Corporate Secretary
