well-being in a nuclear world

OFFICE
ADMIN

SOCKET NUMBER
PROPOSED RULE PP 20
(69FR35090)

Honorable Chairman Messers:

I write to express my total opposition to the legalization of recycling radio-active materials into the consumer marketplace.

Surely you recognize that we Americans have been adequately radiated in the last sixty years by nuclear weapons testing, commercial power plants routine releases, leaks, accidents, international nuclear releases and accidents, irradiated seeds, X-rays et al.

The place for any radioactive material, law, medicine, high-level in in safe storage for from air, water, soil and remains (animals, too).

Please do not allow the dissemination of nuclear waste into household products.

Peace & Health
Thank you.
