

DOCKET NUMBER  
 PROPOSED RULE **PR** 20  
 (64FR 35090)

2210 W. Morse Ave  
 Chicago IL 60645  
 12/11/99

'99 DEC 17 P3:08

Dear N.R.C. Chairman Richard Musewe

We urge you not to expand the release of low level radioactive material. Keep current limits in place and recall radioactive materials that have already been released.

We need no more environment risks that cause cancer, birth defects and other problems. Do not ignore our concerns.
