Mr. Harold W. Keiser
Executive Vice President -
Nuclear Business Unit
Public Service Electric & Gas
Company
Post Office Box 236
Hancocks Bridge, NJ 08038

SUBJECT: SALEM NUCLEAR GENERATING STATION, UNIT NOS. 1 AND 2 -
CORRECTION OF AMENDMENT NOS. 225 AND 206 REGARDING
ADMINISTRATIVE AND EDITORIAL CHANGES (TAC NOS. MA0180 AND
MA0181)

Dear Mr. Keiser:

On November 2, 1999, the U.S. Nuclear Regulatory Commission issued Amendment Nos. 225 and 206 to Facility Operating License Nos. DPR-70 and DPR-75 for the Salem Nuclear Generating Station, Unit Nos. 1 and 2, respectively, in response to your application dated November 14, 1997, as supplemented August 25, 1999. In those amendments, pages 3/4 3-71 for Unit 1, and 3/4 3-66 for Unit 2, were inadvertently issued. The error occurred when two license amendments were issued out of sequence. The previous amendments, Nos. 224 and 205, for Units 1 and 2, respectively, were issued on September 14, 1999, in response to your application dated July 2, 1999. In these previous amendments pages 3/4 3-71 and 3/4 3-66 were deleted. The error created changes that were not requested by the licensee, noticed to the public, or evaluated by the staff, and are traceable to a specific license amendment application.

The "remove/insert" pages of the attachments to license Amendment Nos. 225 and 206 have been corrected to include this change. Copies of the corrected pages are enclosed.

We regret any inconvenience this may have caused. If you have any questions regarding this matter, please call me at (301) 415-1479.

Sincerely,

/RA/

William C. Gleaves, Project Manager, Section 2
Project Directorate I
Division of Licensing Project Management
Office of Nuclear Reactor Regulation

Docket Nos. 50-272 and 50-311

Enclosures: As stated
