Subject: Radioactive recycling

DOCKETED
USMRC

'99 DEC 20 P 4:09

My family would like to go on record as being totally against the proposed program of radioactive recycling.
PLEASE! DO NOT SUBJECT OUR CITIZENS TO THIS CONTAMINATING RECYCLING.

We personally do not think that enough is known about the long-term consequences of such a program. What will this do to our children in the generations to come?

When was there a decision made, from the scientific community, as to what constitutes a totally safe dose of radiation? To our knowledge, there is no such thing.
