Date: Mon, Dec 20, 1999 10:28 AM
Subject: Sale of Radioactive Metals

DOCKETED
USMRC

'99 DEC 20 P 4:09

NRC Chairman Richard Meserve
Attention: Rulemaking and Adjudications Staff

OFFICE OF
RULEMAKING
ADJUDICATIONS
STAFF

Dear Chairman Meserve:

I am alarmed by the NRC's proposal to sell radioactive metals from the old nuclear power plants that are being closed. Surely the United States government is not so poor that we must run the risk of endangering our people just to squeeze more life out of these metals. I strongly urge that you reconsider this proposal.
