

DOCKET NUMBER
PROPOSED RULE PP 20
(64FR35090)

DEC 21 1999

'99 DEC 21 P445

Secretary, U.S. Nuclear Regulatory
Washington, DC 20555
Att.: Rulemaking and Adjudications Staff

C.
A.C.

12-15-99

It greatly concerns me that radioactive metal is being sold by the DOE to scrap metal dealers. Radioactive waste being recycled into consumer products, such as zippers, eye glasses, silverware, baby carriages, and virtually anything made from copper, steel, aluminum and concrete is not acceptable. NO DOSE IS ACCEPTABLE! Exposure to radiation should be avoided as much as possible. Radioactive waste should be stored responsibly, instead of made into new products that are hazardous to our health.

Please help protect our families and communities,

Sincerely,

Saraswati
