

**COPYRIGHT LICENSE**

The Institute of Nuclear Power Operations (INPO) hereby grants the Nuclear Regulatory Commission (NRC) a Copyright License that authorizes NRC to make, for a limited period of time, a reasonable number of copies of copyrighted documents that are currently or that may become in the possession of the NRC. Such copying would be necessary for NRC internal use and to fulfill its legal responsibilities regarding documents in its Public Document Room. However, this agreement does not amend, modify or change any of the NRC's obligations to INPO regarding the withholding of Proprietary Documents from public disclosure under 10CFR2.790(a)(4). This Copyright License covers generic documents published by INPO bearing a "General Distribution" classification and copyright as well as periodicals published by INPO, such as its *Annual Report*, *The Nuclear Professional* magazine, brochures, etc. This authorization is granted with the understanding that any copies of a specific publication made by the NRC will continue to bear INPO's copyright notice, which will be reproduced along with any portion of the publication. This Copyright License and release is retroactive and will expire on December 31, 2000.

William T. Subalusky  
Vice President and Director  
Government Relations Division
