Attn: Mr. Camper

Dear Mr. Camper:

General Electric Medical Systems (GEMS) purchased the worldwide Nuclear Medicine business and associated assets from Elscint, Ltd. of Haifa, Israel, which owned Elscint, Inc. GEMS now owns all aspects of Elscint's Nuclear Medicine and all of Elscint's Nuclear Medicine business assets have been transferred to GEMS, including the Attenuation Correction (ATC) Option described in the attached application for license.

Sincerely,

A handwritten signature in cursive script that reads "James E. Beebe".
