USNRC License No. R-106, Docket No. 50-243

Gentlemen:

Enclosed are DE/NRC Forms 742, Material Balance Report, and 742C, Physical Inventory Listing, for our special nuclear material for the reporting period October 1, 1999 through March 31, 2000. These forms are submitted in accordance with the requirements specified in 10 CRF 74.13(a)(1). Also enclosed is a DOE/NRC form 741, Nuclear Material Transaction Report for the production of  $^{239}\text{Pu}$  in the reactor fuel, for the burnup of  $^{235}\text{U}$  in the reactor fuel and for rounding differences (if any). The data are also submitted in a computer readable form on the enclosed 3.5 inch diskette.

If you have any questions or need further information, please give me a call at 541-737-7046.

Sincerely,

Steven R. Reese  
Reactor Administrator
