MEMORANDUM TO: Guy P. Caputo, Director
Office of Investigations

Hubert T. Bell, Inspector General
Office of Inspector General

Walter E. Oliu, Chief
Publishing Services Branch
Office of the Chief Information Officer

David L. Meyer, Chief
Rules and Directives Branch
Office of Administration

FROM: Herbert N. Berkow, Director */RA/*
Project Directorate II
Division of Licensing Project Management
Office of Nuclear Reactor Regulation

SUBJECT: REVISED MD 8.11

The proposed revision to MD 8.11 is attached for your review and concurrence. The changes are based on stakeholder input and staff experience. The significant process changes include:

1. addition of an opportunity for a post-PRB meeting with the petitioner to discuss the PRB recommendations,
2. elimination of the stringent criteria for technical meetings during the petition review, and
3. addition of an opportunity for petitioners and licensees to comment on proposed director's decisions.

In addition, the entire directive has been restructured and rewritten to eliminate duplication and improve readability.

In accordance with the CTM, the changes will be implemented on a trial basis at the end of June and the proposed MD 8.11 revision will be published in the Federal Register in July for a 30-day comment period.

Please provide any substantive comments or your concurrence to me by COB, June 23.

Enclosures: As stated
