**SUBJECT: DISCONTINUED REVIEW OF REQUEST TO AMEND REGISTRATION
CERTIFICATE NO. NR-1018-D-101-E**

Dear Mr. Vandrish:

We reviewed your application dated April 7, 2000, to amend your registration certificate (NR-1018-D-101-E) and found that we required further information to complete our review. In our letter dated June 21, 2000, requesting additional information, our enclosure summarized our areas of concern not addressed in your application. To date we have not received a response from you to our letter and our reminders sent to you by e-mail.

Therefore, we have discontinued our review of your request for amendment. This is without prejudice to re-submission of your application. When you re-submit your application for registration and license amendment, please ensure that you respond to our questions in our letter date June 21, 2000, and include sufficient information to allow NRC to evaluate your design.

If you have any questions, please call Anthony Kirkwood at (301) 415-6140 or Dr. Seung Lee at (301) 415-5787.

Sincerely,

/RA/
