RE: NEW JERSEY POLLUTANT DISCHARGE
ELIMINATION SYSTEM
DISCHARGE MONITORING REPORT
HOPE CREEK GENERATING STATION
NJPDES PERMIT NJ0025411

Dear Sir:

Attached is the Discharge Monitoring Report for the Hope Creek
Generating Station for the month of June 2000.

This report is required by and prepared specifically for the
Environmental Protection Agency (EPA) and the New Jersey Department
of Environmental Protection (NJDEP). It presents only the observed
results of measurements and analysis required to be performed by the
above agencies. The choice of the measurement devices and analytical
methods are controlled by the EPA and the NJDEP, not by the company,
and there are limitations on the accuracy of such measurement devices
and analytical techniques even when used and maintained as required.
Accordingly, this report is not intended as an assertion that any
instrument has measured, or that any reading analytical result
represents the true value with absolute accuracy, nor is it an
endorsement of the suitability of any analytical or measurement
procedure.

If you have any questions concerning this report, please feel free to
contact Christopher White at (856) 339-3301.

Sincerely,

Mark B. Beziulla
Vice President
Operations

The power is in your hands.

Explanation of Conditions

June 2000

The following explanations are included to clarify possible deviation from permit conditions.

General - The columns labeled "No. Ex", on the enclosed DMR, tabulate the number of daily discharge values outside the indicated limits.

Data reporting and accuracy reflect the working environment, the design capabilities and reliability of the monitoring instruments and operating equipment.

Analytical values performed by the following NJDEP certified laboratories:

Hope Creek Generating Station (17451)
Raytheon Env. Services Laboratory (77343)
South Jersey Testing, Inc. (06431)

Deviations from required sampling, analysis monitoring and reporting methods and periodicities are noted on the respective transmittal sheet.

Results reported on the Discharge Monitoring Report forms are consistent with permit limits, data supplied from contract laboratories, the December 1993 revision of the NJDEP DMR Instruction manual and specific guidance from DEP personnel.

The industrial license holder's (N-2) signature is signifying the review for DSN's 461A and 461C. The S-4 license holder's signature signifies review for DSN-462B.

07/24/00

Explanation of Exceedances

June 2000

The following exceedances are included in the attached report and explained below.

DSN No.

EXPLANATION

No Exceedances

COUNTY OF SALEM
STATE OF NEW JERSEY

I, Mark B. Bezilla, of full age, being duly sworn according to law, upon my oath depose and say:

1. I am the Vice President, Operations for PSEG Nuclear, and as such am authorized to sign Hope Creek's Discharge Monitoring Reports submitted to the New Jersey Department of Environmental Protection pursuant to the Station's New Jersey Pollutant Discharge Elimination System permit.
2. I certify under penalty of law that I have personally examined and am familiar with the information submitted in this document and all attachments and that, based on my inquiry of those individuals immediately responsible for obtaining the information, I believe the submitted information is true, accurate and complete. I am aware that there are significant penalties for submitting false information including the possibility of fine and imprisonment.
3. The signature on the attached Discharge Monitoring Reports is my signature and I am submitting this affidavit in satisfaction of the requirement that my signature be notarized.

Mark B. Bezilla
Vice President
Operations

Sworn and subscribed before me
this 24th day of July 2000.

JENNIFER M. TURNER
