Rules and Directives
Branch
USNRC

Dear Mr. Meyer,

On behalf of our members in States on transport routes to the proposed Private Fuel Storage high-level radioactive waste dump, Nuclear Information and Resource Service requests additional public hearings as well as an extension to the September 21st public comment deadline for the "Draft Environmental Impact Statement for the Construction and Operation of an Independent Spent Fuel Storage Installation on the Reservation of the Skull Valley Band of Goshute Indians and the Related Transportation Facility in Tooele County, Utah" (NUREG-1714, Docket No. 72-22, Private Fuel Storage, L.L.C., June 2000).

Only three hearings have been held on the PFS proposal, all in Utah. What about all the other States through which the 4,000 containers of highly radioactive waste would be transported?

Communities in 18 corridor States -- Alabama, California, Florida, Georgia, Illinois, Indiana, Iowa, Kentucky, Minnesota, Nebraska, Nevada, New Jersey, New York, Pennsylvania, Ohio, Tennessee, Wisconsin, and Wyoming -- would be subjected to shipments of high-level atomic waste from reactors belonging to PFS member utilities bound for Utah. In fact, the very large proportion of the PFS shipments that would pass through Illinois, Iowa, Nebraska and Wyoming would mean that these States are nearly as heavily impacted by transport as is Salt Lake City itself, which has had two NRC public hearings. Why have none of these States received a hearing?

In addition -- as the NRC DEIS case study of a high-level atomic waste shipment from the Maine Yankee nuclear reactor shows -- once PFS opened its doors to non-member nuclear utilities' high-level wastes, dozens of more States could suddenly find themselves

ADM013

Template ADM013

ERIDS-03
ADD Scott Flanders
(SCF)

subject to unprecedented numbers of commercial irradiated nuclear fuel shipments and the associated risks to health, property and the environment, without ever having been consulted nor even notified by NRC. Moving half the nation's irradiated nuclear fuel beginning as early as 2003 constitutes such a significant federal action that communities along transportation routes deserve hearings as well as the citizens of Utah.

In order to schedule additional hearings in transport corridor States, as well as to allow concerned citizens and elected officials to learn about the issue, digest the voluminous DEIS, and formulate their comments, the NRC should extend the public comment deadline at least 60 days. Given that NRC has not made the DEIS widely available outside of Utah, this extension is necessary to allow citizens in transport corridor States to obtain, read, and comment upon the DEIS.

Thank you for considering this request. We look forward to your response. Please find attached copies of petitions calling for an extension to the public comment deadline, as well as additional hearings in corridor States. Copies of these same petitions will be submitted as an attachment to our written comments, as well.

Sincerely,

Kevin Kamps
Nuclear Waste Specialist

**NO RADIOACTIVE WASTE TRANSPORT THROUGH
OUR COMMUNITIES TO SKULL VALLEY, UTAH!!!**

We, the undersigned, are residents of corridor communities -- of neighborhoods and towns along the roads and rails that would be impacted by shipments of high-level radioactive waste if a radioactive waste dump is established on land owned by the Skull Valley Band of the Goshute Tribe in Utah.

We urge you: (1) to hold public hearings in our corridor communities regarding the Draft Environmental Impact Statement so that we can express our concerns to you about the transport of the wastes and the hazards of the proposed site; and (2) to extend the public comment period.

OUR COMMUNITIES TO SKULL VALLEY, UTAH!!!**

We, the undersigned, are residents of corridor communities -- of neighborhoods and towns along the roads and rails that would be impacted by shipments of high-level radioactive waste if a radioactive waste dump is established on land owned by the Skull Valley Band of the Goshute Tribe in Utah.

We urge you: (1) to hold public hearings in our corridor communities regarding the Draft Environmental Impact Statement so that we can express our concerns to you about the transport of the wastes and the hazards of the proposed site; and (2) to extend the public comment period.

**NO RADIOACTIVE WASTE TRANSPORT THROUGH
OUR COMMUNITIES TO SKULL VALLEY, UTAH!!!**

We, the undersigned, are residents of corridor communities — of neighborhoods and towns along the roads and rails that would be impacted by shipments of high-level radioactive waste if a radioactive waste dump is established on land owned by the Skull Valley Band of the Goshute Tribe in Utah.

We urge you: (1) to hold public hearings in our corridor communities regarding the Draft Environmental Impact Statement so that we can express our concerns to you about the transport of the wastes and the hazards of the proposed site; and (2) to extend the public comment period.

**NO RADIOACTIVE WASTE TRANSPORT THROUGH
OUR COMMUNITIES TO SKULL VALLEY, UTAH!!!**

We, the undersigned, are residents of corridor communities --- of neighborhoods and towns along the roads and rails that would be impacted by shipments of high-level radioactive waste if a radioactive waste dump is established on land owned by the Skull Valley Band of the Goshute Tribe in Utah.

We urge you: (1) to hold public hearings in our corridor communities regarding the Draft Environmental Impact Statement so that we can express our concerns to you about the transport of the wastes and the hazards of the proposed site; and (2) to extend the public comment period.

**NO RADIOACTIVE WASTE TRANSPORT THROUGH
OUR COMMUNITIES TO SKULL VALLEY, UTAH!!!**

We, the undersigned, are residents of corridor communities -- of neighborhoods and towns along the roads and rails that would be impacted by shipments of high-level radioactive waste if a radioactive waste dump is established on land owned by the Skull Valley Band of the Goshute Tribe in Utah.

We urge you: (1) to hold public hearings in our corridor communities regarding the Draft Environmental Impact Statement so that we can express our concerns to you about the transport of the wastes and the hazards of the proposed site; and (2) to extend the public comment period.

OUR COMMUNITIES TO SKULL VALLEY, UTAH!!!**

We, the undersigned, are residents of corridor communities — of neighborhoods and towns along the roads and rails that would be impacted by shipments of high-level radioactive waste if a radioactive waste dump is established on land owned by the Skull Valley Band of the Goshute Tribe in Utah.

We urge you: (1) to hold public hearings in our corridor communities regarding the Draft Environmental Impact Statement so that we can express our concerns to you about the transport of the wastes and the hazards of the proposed site; and (2) to extend the public comment period.
