Dear Sirs:

I have attended several of the public meetings concerning the transport and storage of spent nuclear fuel rods on the Goshute Tribal Reservation in Skull Valley, Utah. I stand opposed to this proposal. The residents of Utah have not generated this waste, do not receive any benefit from the power of nuclear power plants, and should not be expected to be responsible for the waste. I ask that the comment period be extended and more public hearings be scheduled.

Sincerely Yours,
Jeri Peratis
