**DOCKET 50-255 - LICENSE DPR-20 - PALISADES PLANT
NOTIFICATION of IMPLEMENTATION of AMENDMENT 189**

On November 30, 1999, the NRC issued Amendment 189 to the Palisades Facility Operating License, which issued new "Improved" Technical Specifications. That Amendment stated that implementation was required on or before October 31, 2000. On August 28, 2000, Palisades requested that the required implementation date be revised to December 31, 2000. The requested delay in required implementation date is no longer required, and we request withdrawal of the August 28, 2000 amendment request.

This letter provides notification, as requested in the November 30, 1999 letter which issued Amendment 189, that Palisades completed implementation of that amendment on October 24, 2000.

SUMMARY OF COMMITMENTS

This letter completes the commitment to notify the NRC upon completion of implementation of Amendment 189.
