Comments: The proposed changes to ES-401 regarding the selection of SRO-only K/A statements will require a minimum of 28 SRO-only K/A statements. While this ensures that a minimum of 25 will be SRO-only as stated in D.1.c, this makes the "at least 25" statement somewhat superfluous. The requirement that 10 of the 17 Tier 3 K/A's be SRO-only has inadvertently raised the minimum.
