**UNITED STATES OF AMERICA  
NUCLEAR REGULATORY COMMISSION**

Before the Atomic Safety and Licensing Board

In the Matter of	)	
	)	Docket Nos. 50-282-LR
Northern States Power Co.	)	50-306-LR
	)	
(Prairie Island Nuclear Generating Plant,	)	ASLBP No. 08-871-01-LR
Units 1 and 2)	)	

**NORTHERN STATES POWER COMPANY'S INITIAL DISCLOSURES  
REGARDING SAFETY CULTURE CONTENTION**

Pursuant to 10 C.F.R. § 2.336(a), Northern States Power Company – a Minnesota Corporation (“NSPM”) hereby makes the following initial disclosures regarding the Prairie Island Indian Community’s (“PIIC”) safety culture contention.

1. Testifying Witnesses

NSPM has identified the following persons upon whom it will rely as witnesses with respect to the safety culture contention:

**Scott D. Northard**

NSPM Recovery Plan Manager – Prairie Island Nuclear Generating Plant (“PINGP”)  
1717 Wakonade Drive East  
Welch, MN 55089  
651-388-1121

**Steven Skoyen**

NSPM Manager, Engineering Programs – PINGP  
1717 Wakonade Drive East  
Welch, MN 55089  
651-388-1121

**Kurt W. Petersen**

NSPM Performance Assessment Manager – PINGP  
1717 Wakonade Drive East  
Welch, MN 55089  
651-388-1121

**Ed M. Peterson II**

Ombudsman, Wolf Creek Nuclear Operating  
Company  
1550 Oxen Lane NE  
P.O. Box 411  
Burlington, KS 66839-0411  
620-364-8831

Messrs. Skoyen and Peterson will testify as a panel on that aspect of the Safety Culture contention that refers to the leakage from the refueling cavities of both PINGP units. Messrs. Northard, Petersen and Peterson, testifying as a panel, will address all other aspects of the contention.

Mr. Northard has more than thirty years of experience in the nuclear industry, including positions as Plant Manager, Regulatory Affairs Manager, Nuclear Safety Assurance Manager, Business Support Manager, Site Engineering Director, Director Asset Management, and Manager Nuclear Projects. He is an expert on, inter alia, the development and implementation of plans for improving nuclear power plant safety culture and operational performance. In his testimony, Mr. Northard will address two aspects of the operating experience of PINGP that have been cited by the PIIC as indicative of the existence of a weak safety culture at the plant: (1) the issuance of “White” Findings by the NRC against PINGP with respect to radioactive material shipment deficiencies (both PINGP units), improper valve positioning (Unit 1), and design of the component cooling water system (Unit 2); and (2) the existence of a “crosscutting” substantive issue in the area of Human Performance. He will also address, more generally, how these issues relate to the state of safety culture at the PINGP; will describe what actions have been taken by NSPM to evaluate and improve the safety culture at the plant and the results of those actions; and will state the opinion that there are no safety culture deficiencies at PINGP that would preclude NSPM from adequately discharging its burden of managing the aging of PINGP’s structures,

systems and components identified in 10 C.F.R. § 54.4 during the period of renewed license operations.

Mr. Petersen is an expert, inter alia, on the management of nuclear power plant corrective action programs, 10 CFR 50 Appendix B compliance programs, human performance improvement programs, and related plant performance assessment and improvement programs. He has ten years of work experience in these areas at the Turkey Point Nuclear Generating Units 3 and 4 and at PINGP. In his testimony, Mr. Petersen will address the PIIC's claim that there are serious concerns with the Corrective Action Program ("CAP") at PINGP that are indicative of the existence of a weak safety culture at the plant. He will describe how the issues regarding the CAP at PINGP have been addressed and satisfactorily resolved and will testify that there are no safety culture deficiencies at PINGP relating to the plant's CAP that would preclude NSPM from adequately discharging its burden of managing the aging of PINGP's structures, systems and components identified in 10 C.F.R. § 54.4 during the period of renewed license operations.

Mr. Skoyen is an expert, inter alia, on the identification and response to equipment problems in nuclear power plants, having being engaged in the resolution of such problems for approximately twenty years for, among others, Westinghouse Electric Corporation, Nuclear Management Company, and PINGP. In his testimony, Mr. Skoyen will address the identification and correction of the leakage that has occurred from the refueling cavity inside the containments of both PINGP units into the sumps and other areas below the cavity. Mr. Skoyen will discuss the history of the investigation into the causes of the leakage, the corrective actions that have been taken to address the leakage, the evaluations that have been performed regarding the safety significance of the leakage, the current status of the issue, and the improbability that incidences of significant leakage will occur during the period of renewed license operations. He will testify

that there are no safety culture deficiencies at PINGP relating to the refueling cavity leakage that would preclude NSPM from adequately discharging its burden of managing the aging of PINGP's structures, systems and components identified in 10 C.F.R. § 54.4 during the period of renewed license operations.

Mr. Peterson has thirty-three years of experience in quality assurance ("QA") related oversight of both the construction and operation phases of nuclear power plants. His experience includes eighteen years of work for Wolf Creek Nuclear Operating Company as Ombudsman, Quality Administrator, Operations QA Supervisor, Operations QA Auditor, and Senior Quality Engineer Supervisor at the Wolf Creek Generating Station. He was previously employed by Bechtel Power Corporation as Quality Control Engineer at the South Texas Project; by Brown and Root Inc. as Mechanical Quality Engineer – Documents Supervisor, also at the South Texas Project; and by Daniel International Corporation as Mechanical and Civil Quality Control Inspector at the Wolf Creek Generating Station. He is a certified Lead Auditor and a Level II QC Inspector in various disciplines. Mr. Peterson is an expert, *inter alia*, on the performance of safety culture assessments, the monitoring and evaluation of corrective action programs, the maintenance and implementation of employee concerns programs, and all aspects of quality assurance and quality engineering in operating nuclear power plants. In his testimony, Mr. Peterson will present the results of an independent safety culture assessment that is currently being performed under the auspices of the Utilities Services Alliance by a team under his direction. Mr. Peterson will also address (in his panel testimony with Mr. Skoyen) the aspects of his team's investigation of safety culture at PINGP that relate to the refueling cavity leakage issue.

## 2. Documents and Data Compilations

Attachment 1 provides a listing of documents and data compilations that have been identified as relevant to the safety culture contention as admitted, other than those for which a claim of privilege or protected status is being made. The documents and data compilations listed in Attachment 1 are available for review and copying at (1) the Prairie Island Nuclear Generating Plant Training Center, 1660 Wakonade Drive West, Welch, MN; and (2) the Offices of Pillsbury Winthrop Shaw Pittman LLP, 2300 N Street N.W., Washington D.C. Arrangements for reviewing these documents at the Training Center can be made by contacting Mr. Eugene Eckholt at 651-388-1121 ext. 4137. Arrangements for reviewing these documents in Washington D.C. can be made by contacting Ms. Stefanie Nelson George at 202-663-9382.

In addition to those documents and data compilations listed in Attachment 1, NSPM also identifies by category and location the following:

<b>Category</b>	<b>Location</b>
E-mails and electronic documents produced by Brian Slack regarding the component cooling water system	Dorsey & Whitney, LLP Suite 1500, 50 South Sixth Street Minneapolis, MN 55402
Documents from a search of PINGP's SharePoint records system	Dorsey & Whitney, LLP Suite 1500, 50 South Sixth Street Minneapolis, MN 55402
Documents produced by several custodians on or after June 11, 2010	Dorsey & Whitney, LLP Suite 1500, 50 South Sixth Street Minneapolis, MN 55402

A listing of these additional categories of documents will be provided shortly, at which time they will be available for review and copying at the PINGP Training Center and at Pillsbury's Offices.

A listing of documents that are proprietary is provided in Attachment 2. A listing of documents that are privileged is provided in Attachment 3.

3. Tangible Things

Other than documents and data compilations provided or listed, no relevant tangible things have been identified.

Respectfully Submitted,

/Signed electronically by Stefanie Nelson George /

**Certification of Initial Disclosures Regarding Safety Culture Contention  
Affidavit of Eugene F. Eckholt**

I, Eugene F. Eckholt, being duly sworn, state:

I am providing this certification in support of the disclosures of Northern States Power Company – a Minnesota Corporation (“NSPM”) in the license renewal proceeding for the Prairie Island Nuclear Generating Plant, Units 1 and 2. I am the Project Manager for the License Renewal Project and am authorized to provide this certification.

To the best of my knowledge and belief, NSPM’s initial disclosures in this proceeding contain all materials required to be disclosed by 10 C.F.R. § 2.336(a), as modified by the Atomic Safety and Licensing Board’s May 13, 2010 and June 10, 2010 Orders, that NSPM has identified to date as relevant through a search of the information and documentation reasonably available to and under the possession, custody and control of NSPM.

Further, to the best of my knowledge, information and belief, and based on the review of information and documentation reasonably available to and under the possession, custody and control of NSPM, these initial disclosures are accurate and complete as of this date.

Further the affiant sayeth not.

Eugene F Eckholt  
Eugene F. Eckholt  
Project Manager, License Renewal Project  
Northern States Power Company – a Minnesota  
Corporation

PROD00001556	Agenda for Refueling Cavity Leakage Repair HIT meeting; April 7, 2010.
PROD00001557	Agenda for Refueling Cavity Leakage Repair HIT meeting; Aug 26, 2009

Document Number	Description
PROD00001558	Agenda for Refueling Cavity Leakage Repair HIT meeting; September 2, 2009.
PROD00001559	Agenda for Refueling Cavity Leakage Repair HIT meeting; September 9, 2009.
PROD00001560	Documentation of vacuum box testing
PROD00001561	Diagram of Unit 1 pipe support loads
PROD00001562	PINGP Evaluation: Margin Assessment of Containment Vessel and Concrete Structures; Feb 25, 2010.
PROD00001563	05/02/2010 Email from S. Skoyen to R. Womack and others at Xcel re Sump B leakage
PROD00001564	03/03/2010 Email from T. Downing to K. Vincent re pipe caps welded on the vent line
PROD00001565	04/17/2010 Email from T. Downing to J. Engleman re vacuum box testing
PROD00001566	05/25/2010 email from G. Wheelock to G. Eckholt and T. Downing re how sand plugs affect the cavity leak
PROD00001567	05/13/2010 Email from T. Downing to D. Kettering and S. Skoyen re drain added to sump C
PROD00001568	10/12/2009 Email from R. Pearson to R. Womack and others re pressure test on the bellows
PROD00001569	08/06/2009 Email from K. Vincent to team at Xcel re setting up centralized folder for refueling cavity leakage repair info
PROD00001570	8/6/2009 Email from M. Smallpage to T. Downing regarding Refueling Cavity Leak Repair Work Order
PROD00001571	07/20/2009 Email from G. Eckholt to T. Downing and S. Skoyen re tests on boric acid and concrete
PROD00001572	Draft response to NRC regarding inspection of CASS RCS piping; February 24, 2010.
PROD00001573	7/23/2009 Email from R. Pearson to T. Downing and others at Xcel regarding removal of concrete core samples
PROD00001574	04/29/2010 Email from T. Downing to K. Vincent re potential refueling cavity leakage
PROD00001575	02/04/2010 Email from M. Smallpage to T. Downing re cavity leak repair
PROD00001576	05/01/2010 Email from T. Downing to D. Carlson re actions to repair the cavity leakage
PROD00001577	01/26/2010 Email from M. Smallpage to T. Downing re refueling cavity repairs
PROD00001578	04/29/2010 Email from T. Downing to K. Vincent re refueling cavity leakage
PROD00001579	8/6/2009 Email from M. Smallpage to T. Downing regarding refueling cavity leak repair work order
PROD00001580	09/25/2009 Email from G. Eckholt to S. Skoyen and others at Xcel re regen room inspection and grout removal at sump B
PROD00001581	07/17/2009 Email from R. Pearson to T. Downing and others at Xcel re regulations of containment vessel degradation
PROD00001582	04/23/2010 Email from T. Downing to M. Cabiro re how much BA residue is in the regen room
PROD00001583	04/20/2010 Email from T. Downing to S. Skoyen and others at Xcel re scope of vacuum test and refueling cavity leakage
PROD00001584	04/21/2010 Email from T. Downing to P. Zurwski and others at Xcel re vacuum test of refueling cavity
PROD00001585	04/19/2010 Email from T. Downing to S. Skoyen and K. Vincent re supports' relation to leakage
PROD00001586	05/03/2010 Email from T. Downing to W. Pasch re reduction of leakage in sump B
PROD00001587	05/20/2010 Email from T. Downing to S. Skoyen and others at Xcel re no signs of leakage in regen room
PROD00001588	09/14/2009 Email from M. Smallpage to S. Skoyen and others at Xcel re execution of Fatigue Rule

Document Number	Description
PROD00001589	07/18/2009 email from J. Gorman to T. Downing re NRC questions about pH and corrosion rates
PROD00001590	1/22/2010 E-mail from M. Smallpage to T. Downing re Refueling Cavity Leakage Repair Work Order
PROD00001591	02/15/2010 email from K. Vincent to F. Englett and others at Xcel re Refuel Cavity Leakage HIT
PROD00001592	10/10/2009 email from M. Domke to T. Downing and others at Xcel re Cavity Leakage Inspection
PROD00001593	09/24/2009 email from G. Eckholt to T. Downing re Cavity Leakage update.
PROD00001594	12/07/2009 email from T. Downing to S. Skoyen re Cavity and Core Drilling.
PROD00001595	02/19/2009 email from C. Koehler to T. Downing and others at Xcel re Cavity Leakage.
PROD00001596	03/25/2010 email from T. Downing to D. Wooten re leak rate and drawings
PROD00001597	10/13/2009 email from M. Smallpage to R. McIntyre and others at Xcel re PassPort planning.
PROD00001598	10/13/2009 email from M. Smallpage to T. Downing and R. McIntyre re PassPort planning.
PROD00001599	10/13/2009 email from J. Payton to T. Downing re PassPort planning & Boron analysis.
PROD00001600	02/26/2010 email from T. Downing to L. Drenth re PassPort / CAP planning.
PROD00001601	07/21/2009 email from R. Pearson to T. Downing and others at Xcel re Allowable Corrosion of Containment
PROD00001602	7/21/2009 E-mail from R. Pearson to T. Downing and others at Xcel re Potential and Allowable Corrosion of Containment
PROD00001603	07/22/2009 email from R. Pearson to T. Downing re Potential and Allowable Corrosion of Containment
PROD00001604	05/04/2010 email from T. Downing to S. Northard and others at Xcel re Potential Refueling Cavity Leakage.
PROD00001605	05/03/2010 email from T. Downing to S. Northard and others at Xcel re Potential Refueling Cavity Leakage
PROD00001606	04/29/2010 email from T. Downing to K. Vincent re Potential Refueling Cavity Leakage
PROD00001607	4/29/2010 Email; From: T. Downing; To: T. Downing and other's at Xcel; RE Potential Refueling Cavity Leakage
PROD00001608	04/29/2010 email from T. Downing to S. Northard and others at Xcel re Potential Refueling Cavity Leakage issue.
PROD00001609	5/13/2010 E-mail from T. Downing to S. Northard and others at Xcel re Preliminary results of additional vacuum box testing
PROD00001610	05/03/2010 email from S. Northard to T. Downing and others at Xcel re Potential Refueling Cavity Leakage
PROD00001611	5/5/2010 Email; From: S. Northard; To: T. Downing; Re: refueling cavity leakage
PROD00001612	07/27/2009 email from J. Gorman to T. Downing and G. White re PH and corrosion rates ie cavity leakage issues.
PROD00001613	02/03/2010 email from T. Downing to J. Hall re Refueling Cavity Leakage
PROD00001614	01/26/2010 email from K. Vincent to R. Clow and others at Xcel re Potential Refueling Cavity Leakage repairs
PROD00001615	07/20/2009 email from J. Wick to T. Downing re Refueling Cavity Leakage
PROD00001616	07/20/2009 email from J. Wick to T. Downing re Refueling Cavity Leakage
PROD00001617	10/07/2009 email from S. Skoyen to T. Downing and others at Xcel re Potential Refueling Cavity Leakage
PROD00001618	05/10/2010 email from T. Downing to S. Northard and others at Xcel re Sump B Leakage
PROD00001619	04/29/2010 email from T. Downing to W. Pasch and others at Xcel re Sump B Refueling Cavity Leakage
PROD00001620	08/05/2009 email from M. Smallpage to T. Downing and C. Peterson re cavity leak repair
PROD00001621	2/3/2010 E-mail from M. Smallpage to T. Downing Re Unit 2 liner inspection sketches
PROD00001622	09/25/2009 email from G. Eckholt to S. Skoyen and T. Downing re Upddate on Sump B excavation

Document Number	Description
PROD00001623	04/30/2010 email from T. Downing to D. Kettering and others at Xcel re Recommended Refueling Cavity Leakage Actions
PROD00001624	08/12/2009 email from D. Corbesia to K. Kriesel and others at Xcel re Refuel Cavity Repairs CAP
PROD00001625	11/23/2009 Email; From: G. Eckholt; To: S. Skoyen and others at Xcel; Re: Refueling Cavity Leakage

Document Number	Description
PROD00008137	2/16/2010 email from B Slack to R Pearson cc C Sprout re PINGP's implementing HELB and leakage crack criteria
PROD00008138	2/10/2010 email from L. Wagner to R. Pearson, C. Schaefer regarding AFW Flow and FW Check Valve Backleakage
PROD00008139	2/10/2010 email from C. Schaefer to R. Pearson regarding AFW Flow and FW Check Valve Backleakage
PROD00008140	2/10/2010 email from R. Pearson, to S. Schaefer regarding AFW Flow and FW Check Valve Backleakage
PROD00008141	1/14/2010 email from C. Sansome to R. Pearson regarding AFW Flow and FW Check Valve Backleakage
PROD00008142	9/8/2009 email from R. Pearson to D. Gaiewski re AFW Pump Test Question
PROD00008143	4/21/2010 email from A. Vallincourt to R. Pearson re: check valve leakage in analysis
PROD00008144	10/1 and 4/15/2010 Auxiliary Feedwater System Benchmark and Model Update by R. Pearson
PROD00008145	4/15/2010 email from R. Pearson to A Vallincourt re confer on comment resolutions to AFW system analysis
PROD00008146	10/1/2009 and 4/15/2010 Auxiliary Feedwater System Benchmark and Model update by R. Pearson
PROD00008147	10/1/2009 and 4/15/2010 Auxiliary Feedwater System Benchmark and Model update by R. PEarson
PROD00008148	4/14/2010 email from C. Sansome to R. Pearson and R. Mella regarding safety analysis
PROD00008149	10/1/2009 memorandum from R. Pearson regardingn Auxiliary Feedwater System Benchmark and Model Update
PROD00008150	10/1/2010 memorandum by R. Pearson regarding Auxiliary Feedwater System Benchmark and Model Update
PROD00008151	3/30/2010 email from C. Sansome to R. Pearson regarding pump performance
PROD00008152	3/30/2010 email from C. Sansome to R. Pearson regarding pump performance
PROD00008153	3/22/2010 email from C. Sansome to R. Pearson regarding pump performance
PROD00008154	1/17/2010 email from C. Sansome to R. Pearson regarding pump performance and feedwater testing operability
PROD00008155	Pump Testing Acceptance Criteria Document
PROD00008156	Pump flow charts
PROD00008157	1/27/2009 email from R. Pearson to G. Travers and others at Xcel regarding cavity leakage and CAPs
PROD00008158	2/16/2010 email from R. PEarson to S. Marty regarding cavity leakage
PROD00008159	2/16/2010 email from S. Marty to R. PEarson regarding cavity leakage
PROD00008160	4/2/2009 email from R. Pearson to R. Vincent regarding reactor cavity leakage
PROD00008161	7/22/2009 email from R. Pearson to K. Chew and others at pgn and dom and aps firstenergy etc. regarding concrete and core samples where refueling cavity leakage had been observed
PROD00008162	7/22/2009 email from A Ahrabli to R. Pearson and others at pgn and dom and aps firstenergy etc. regarding concrete and core samples where refueling cavity leakage had been observed
PROD00008163	7/22/2009 email from A Ahrabli to R. Pearson and others at pgn and dom and aps firstenergy etc. regarding concrete and core samples where refueling cavity leakage had been observed
PROD00008164	7/22/2009 email from R. Pearson to exelon and others at pgn and dom and aps firstenergy etc. regarding concrete and core samples where refueling cavity leakage had been observed
PROD00008165	10/29/2008 email from C. Sorrelly to R Pearson re refueling cavity leakage to containment vessel
PROD00008166	10/15/2008 email from D. Naus to R. PEarson re refueling cavity leakage to containment vessel
PROD00008167	10/15/2008 email from R. Dennis to R. Pearson and others regarding refueling cavity leakage

Document Number	Description
PROD00008168	10/14/2008 email from P. Ghosal to R. Pearson and others regarding refueling cavity leakage
PROD00008169	5/7/2010 email from R. PEarson to J. Hill and others at Xcel re draft CMOA and leakage integrity
PROD00008170	10/27/2009 Internal Correspondence regarding recommendation for auxiliary feedwater pump configuration for EPU
PROD00008171	4/7/2010 Processes for EPU Action Items Memorandum discussing CAP processes
PROD00008172	2/22/2010 email from J. Fields to J. Hill and others at Xcel regarding CAP and high energy line breaks
PROD00008173	2/22/2010 email from J. Fields to J. Hill and others at Xcel regarding CAP and high energy line breaks
PROD00008174	3/15/2010 email from D. Carlson to N. Zewers and several more at Xcel discussing refresher class on auxiliary feedwater system
PROD00008175	3/18/2009 email from T. Downing to R. Pearson and G. Eckholt re reactor cavity leakage
PROD00008176	PINGP License Renewal Application Request for Additional Information follow up
PROD00008177	10/16/2008 email from H. Hill at "htpe" to R. Pearson regarding boric interaction with concrete and steel
PROD00008178	3/3/2009 email from R. Pearson to S. Marty regarding boric acid neutralization and concrete attack
PROD00008179	1/7/2009 email from R. Pearson to M. Obrien and others at Xcel regarding questions to RAIs dealing with refueling cavity leakage and groundwater chemistry
PROD00008180	Design Input Checklist- Part A Engineering Programs and Departmental Reviews, including high energy line break
PROD00008181	Design Input Checklist- Part B Design Considerations, Requirements and Standards
PROD00008182	11/26/2008 email from R. Pearson to M. O'Brien regarding list of CAPs on refueling cavity leakage
PROD00008183	11/25/2008 email from R. PEarson to M. Brossart regarding Passport: refueling cavity leakage
PROD00008184	11/26 email from M. O'Brien to R. Pearson regarding CAPS for refueling cavity leakage
PROD00008185	Table of CAPS associated with the refueling pool leakage
PROD00008186	11/26/2008 email from M. O'Brien to R. Pearson regarding refueling cavity leakage
PROD00008187	Table of CAPS associated with the refueling pool leakage
PROD00008188	11/25/2008 email from M. Brossart to R. Pearson regarding refueling cavity leakage
PROD00008189	3/3/2009 email from C. Sorrell at "dom" to R. PEarson regarding NRC meeting regarding refueling pool leakage and comments
PROD00008190	Draft Outline for PINGP IFR REsolution and Scope Definition; RCS Overpressure Protection Analysis; IFR Item-Auxiliary Feedwater Pump Requirements
PROD00008191	12/5/2008 email from R. Pearson to M. O'Brien and others at Xcel regarding RAI on containment leakage
PROD00008192	10/6/2009 email from obgarth at aol to R. Pearson regarding recap and status of refuel cavity leakage
PROD00008193	6/23/2009 email from R. Pearson to R. Vicent and others at Xcel regarding areas of cavity leakage and dissolved concrete residue
PROD00008194	6/23/2009 email from R. Vincent to R. Pearson and others at Xcel regarding cavity leakage and dissolved concrete residue
PROD00008195	6/22/2009 email from T. Downing to R. Pearson and others at Xcel regarding cavity leakage and dissolved concrete residue

Document Number	Description
PROD00008196	11/3/2008 email from M. Ortmyer at "dom" to R. Pearson regarding Spent Fuel Pool and Reactor Leakage and information on borated water intrusion into reinforced concrete
PROD00008197	10/7/2009 email from R. Pearson to D. Schantzen and G. Eckholt regarding refueling cavity leakage meeting summary
PROD00008198	11/17/2009 email from R. Pearson to P. Huffman and others at Xcel regarding AFWP summary (auxiliary feedwater pump)
PROD00008199	3/5/2009 email from S. Marty to R. Pearson regarding summary of trip report from Indian Point ACRS SubCommittee meeting March 4, 2009
PROD00008200	Chart "AI 1008" discussing feedwater temperature and feedwater pumps
PROD00008201	3/1/2010 letter from K. Albrecht at PINGC to Alain Laux from Areva NP regarding high energy line breaks and analysis
PROD00008202	8/19/2009 email from R. Pearson to S. Marty regarding reactor cavity ring elastomers
PROD00008203	9/26/2008 email from M. O'Brien to R. Pearson regarding refueling cavity leakage and actions needed
PROD00008204	Undated Draft of Evaluation of Existing Nuclear Safety Related Concrete Structures as recommended by the GALL report
PROD00008205	6/22/2009 email from M. O'Brioen to T. Downing and others at Xcel regarding reinforced concrete and refueling cavity crack
PROD00008206	Internal correspondence from R. Pearson to J. Hill regarding auxiliary feedwater flow and pumps
PROD00008207	2/20/2008 email from P. Huffman to everyone at Xcel regarding Site Notice Refueling Cavity Leakage discovery
PROD00008208	11/3/2008 email from R. Pearson to M. Ortmyer at "Dom" and M. O'Brien regarding reactor cavity leakage and spent fuel pool
PROD00008209	July 19,. 2006 email from Jim Reily, NEI, to several Xcel employees and INPO regarding a summary of SGTF / NRC Meeting discussing accident induced leakage performance and sampling
PROD00008210	8/7/2009 Letter from M. Wadley at Xcel to US NRC regarding response to NRC follow-up questions regarding application for renewed operating license with 2 enclosures
PROD00008211	8/7/2009 Letter from M. Wadley at Xcel to US NRC regarding response to NRC follow-up questions regarding application for renewed operating license with 2 enclosures
PROD00008212	Feedwater pump data chart
PROD00008213	4/6/2009 email from M. Mellema to R. Field at sargent lundy, LLC and others at Xcel regarding resolution of FW/CD pump electrical loading from MUR-TR 32 and feedwater pump
PROD00008214	Table of Document Changes for EPU, Task Report- BOP System Evaluation for MUR Update
PROD00008215	Xcel Acceptance Review of BOP System Evaluation Recommendations- for MUR Update
PROD00008216	Attachment discussing Auxiliary Feedwater Flow and other subsystems in chart
PROD00008217	1/31/2008 email from P. Lindberg to R. Pearson and G Eckholt re comments on civil AMR Reports discusses cavity leakage
PROD00008218	3/2/2009 NRC Meeting Refuel Pool Leakage individual meeting notes

Document Number	Description
PROD00008219	3/2/2009 NRC Meeting Refuel Pool Leakage individual meeting notes
PROD00008220	3/31/2009 Letter from R. Plasse at office of nuclear reactor regulation to M. Wadley regarding request for additional information fo the review of the PINGP License Renewal Application; request for additional information follow-up
PROD00008221	9/23/2009 Prairie Island LR CSWG Update discussing increased regulatory oversight due to human performance errors-includes updates from other plants
PROD00008222	2./2009 Dominion Engineering, Inc. Evaluation of Effect of Borated Water Lakes on Concrete, Reinforcing Bars, and Carbon Steel Plate of the Commitment Vessel, Preliminary Draft
PROD00008223	3./2009 Dominion Engineering, Inc. Evaluation of Effect of Borated Water Lakes on Concrete, Reinforcing Bars, and Carbon Steel Plate of the Commitment Vessel, Preliminary Draft
PROD00008224	Pne-paragraph single page doc discussing PINGP LRA and refueling cavity pool-undated and not clear source
PROD00008225	PINGP License Renewal Application Request for Additional Information Follow-up regarding refueling cavity leakage
PROD00008226	Requests for Additional Information with "IWE" in text fields- chart of NRC requests, response and text.
PROD00008227	Groundwater Sampling; Water Leakage from Refueling Pool; document discussing sampling to ensure nonaggressiveness and safety-related concrete foundations, among other things
PROD00008228	4/1/2009 email from R. Vincent to S. Marty and others at Xcel regarding PING RAIs re cavity leakage
PROD00008229	1988-2008 Refueling Cavity Leakage 90 page REC report template by Xcel with appendix and charts

PROD00010249	05/25/07 List of students who completed NRC Safety Culture Meeting
PROD00010250	(No date on doc) List of non-attendees with reason for absence.
PROD00010251	05/25/2007 Email from S. Halbert to: B. Sawatzke and team @ NMC re: absentees for SCWE Forum
PROD00010252	06/21/07 Nuclear Oversight Observation Report
PROD00010253	08/03/07 Nuclear Management Company Supervisor - Manager NRC SCWE Status.
PROD00010254	04/24/07 Condition evaluation for refresher SCWE training .
PROD00010255	(No date on doc) Safety Conscious Work Environment (SCWE) Employee Refresher Training presentation
PROD00010256	(No date on doc) Safety Conscious Work Environment (SCWE) presentation.
PROD00010257	05/23/07 Managing A Safety Conscious Work Environment for: Non-Site Supervisor; Supervisor Leadership Development, Leadership Development Initial Training
PROD00010258	05/14/07 NMC Employee Safety Conscious Work Environment Refresher Training; Fleet Safety & Health, Employee Safety Conscious Work Environment
PROD00010259	04/24/07 Determine method used for refresher training for all employees.
PROD00010260	04/24/07 Determine method used for refresher training for all employees.
PROD00010261	(No date on doc) Safety Conscious Work Environment (SCWE) Employee Refresher Training presentation.
PROD00010262	(No date on doc) Managing a Safety Conscious Work Environment (SCWE) Employee presentation.
PROD00010263	04/25/07 Nuclear Oversight Observation Report: Corrective Action Program, verification of compliance.
PROD00010264	04/24/07 Condition Evaluation: Determine methods to provide refresher training to all employees.
PROD00010265	03/20/07 Condition Evaluation: Compliance to NRC Confirmatory Order EA-06-178 to ensure new supervisors complete a NMC SCWE principles class w/in 6 months of hire date.

Document Number	Description
PROD00010266	07/02/07 Condition Evaluation: Assess whether or not the Training Dept. should revise any existing SCWE training to incorporate new policy.
PROD00010267	02/09/07 US NRC Confirmatory Order Action Matrix: Shows implementation action.
PROD00010268	08/17/07 Review, revise and communicate policy of writing Corrective Action Program reports.
PROD00010269	(No date on doc) NMC Employee CAP Training presentation.
PROD00010270	04/04/07 NMC Employee CAP Training; Work Management, Corrective Action Program Training
PROD00010271	(No date on doc) Needs Assessment Wroksheet identifying a need for procedure revision.
PROD00010272	04/04/07 NMC Manager CAP Training; Work Management, Corrective Action Program Training.
PROD00010273	04/05/07 Condition Evaluation; response to NRC Confirmatory Order for supervisors to complete NMC SCWE training.
PROD00010274	03/19/07 Action Request Record Report; Conduct CAP training to NMC Managers (page 32)
PROD00010275	(No date on doc) Documentation of Information Sharing; documents the communication of the Safety Culture Policy.
PROD00010276	02/09/07 NRC Confirmatory Order Action Matrix
PROD00010277	(No date on doc) Condition evaluation for CAP. Identifies Praire Island response to changes.
PROD00010278	(No date on doc) Focused Self-Assessment Checklist.
PROD00010279	(No date on doc) This reports inconsistencies with CAP reporting.
PROD00010280	11/01/07 CAP Action Request Process
PROD00010281	10/31/07 Procedure by which to conduct a Common Cause Analysis (CCA) when investigating multiple, related failures.
