Dennis:

Per our telephone conversation today, I am requesting an extension for the response to the deficiency letter sent regarding our license renewal. The deficiency letter, dated January 13, 2012, requested a response within thirty calendar days from the date of the letter. However, I did not receive the letter until January 24, 2012. Since there are a few issues that I need to research further, I request an extension until February 29, 2012. Thank you for your consideration. If you have any questions or comments, please contact me.
Catalina
