Subject:

Bankruptcy Filing by the Licensee

(NOTE: This will be used as the
Documents Title in ADAMS)

NRC became aware that NewPage Corp filed for bankruptcy under Chapter 11. Luke Paper Company is a subsidiary of NewPage. RI did not have any information related to this filing. On February 2, I called the RSO (William Marley) to discuss the status of licensed activities, and the notification requirements. He was not available and I left a message on his voice-mail to call me. However, the RSO did not return my call so I looked up the NewPage on the internet and on February 6, called the Vice President (David Bonistall) for EHS affairs at NewPage Corporate Office in Ohio.

Today, Martin returned my call and stated that he was the Manager of EHS. He stated that the company filed for Bankruptcy under Chapter 11 in the District Court of Delaware on September 7, 2011. He also stated that he was aware that Luke Paper Company had NRC license and following the filing he had sent a draft letter of Notification to William Marley so that he could have it signed by a Luke Paper Company officer and send it to NRC. I told him that NRC does not have any record of receiving any letter or notification from Luke Paper Company.

He apologized and stated that he will send the letter immediately via e-mail to me. He assured me that this filing has no effect on the company's operations or the NRC-licensed activities. Luke Paper Company continues to operate normally with no changes in operating procedures or personnel as a result of the filing.
