Thanks, I was thinking we sent it up to the Commission, too, but maybe we didn't.

Kathy,  
Sorry for not responding sooner - I was in another telecom. We sent Rev. 4 of the Communications Plan (ML100271726) to the OEDO in the late January/early February timeframe. I have attached two e-mails; one from Jim Lyons and one from Marty Virgilio that mention the Comm Plan (this one indicates that Marty received it and read it). This happened right when I was relieving Mark Orr as PM. I can check with Mark if you need some more detail on this.

Scott

Please refresh my feeble memory on the transmission of the most recent SOARCA comm. Plan to the Commission? Thanks!

Kathy:

With the SOARCA Comm plan, I thought you said that it was requested by the Commission and that is why a full package went up.

Well, Lance said he got a paper SOARCA plan - but that he didn't think he was supposed to pass it to the Commission. Did you intend for him to pass it to the Commission? I'm trying to make sure the Commission got what you intended them to get.

The comm plans Lance gets don't seem to be on a path to the Commission, and maybe that's why he's saying that the electronic copy is sufficient.

Thanks,

Amy
