Subject: RE: Public Meeting on 9/8 Regarding Impact of North Anna Earthquake

This meeting was laid on so quickly there wasn't time to plan it out in great detail. Normally there might be a teleconference included, but at this point questions will likely have to be limited to people in the room.

Scott,

What features are available when a meeting is webcast? I am getting queries from folks on the west coast who would like to be able to ask questions at the end of the meeting, during the normal public participation time but I don't know what to tell them.

Thanks,
Patrick

Robert,

Is there a call in number for the meeting tomorrow on North Anna?
