Subject: request presentation materials regarding North Anna Nuclear Power Station on September 8, 2011 meeting

Dear Mr. Robert and Mr. Patrick,

My name is Vivian Duong. I am with Japan Electric Power Information Center, located in Washinton D.C. I am interested in having the materials/presentations at the NRC meeting on September 8, 2011 regarding the North Anna Nuclear Power Station. I was able to view the archive video for that meeting but the slides were unclear. I would like to request the presentation materials for this meeting.

Thank you for your help.

Vivian
