Don,

Can you provide a clarification to Milton's request below?

Thanks,

Dennis Galvin

Dennis,

I would like to know if the applicant plans to submit the SASSI subtraction method sensitivity analysis along with the DC/COL reconciliation analysis (now to be submitted in April 2012).
These are two different things and I would like to follow up on the subtraction method sensitivity study. These are both mentioned in the supplemental response.

From the response I understand that both subtraction method and reconciliation analyses will be submitted together, but I would like to confirm this, if possible.

Thanks,

Milton
