February 13, 1996

Based on the above discussion an exemption from the requirements of 10 CFR 34.20(c)(5) for the guide tube may be authorized. We recommend that a condition be added to the TWA license that clearly indicates the conditions of the exemption. Attachment 3 is the suggested text for an acceptable license condition and the letter dated January 11, 1996 should also be added to the license tie-down condition.

Attachments:

1. TAR dtd 1/25/96
2. Ltr dtd 1/11/96
3. Draft license condition
