

RIC 2002

Session T3

Policy Focus

Safeguards/Security Issues

David J. Allard, CHP

Director, Pa DEP Bureau of Radiation Protection

P. O. Box 8469, Harrisburg, PA 17105-8469

COMMONWEALTH OF PENNSYLVANIA'S SECURITY ACTIVITIES SINCE SEPTEMBER 11TH

- 9-11 BRP staffed state EOC and Assessment Center**
- Increased interaction between BRP Nuclear Safety Staff and security counterparts at power plants**
- Frequent interaction with NRC and other state agencies, e.g., FEMA**
- October 17th Three Mile Island security “event”**
- Developed a security threat communications protocol with all PA utilities and FEMA**
- Governor’s Security Task Force/Report**
- National Guard (NG) and State Police (SP) deployed**

COMMONWEALTH OF PENNSYLVANIA'S SECURITY ACTIVITIES SINCE SEPTEMBER 11TH

NRC needs to share information with states on:

- **General follow-up to Threat Advisories**
- **Review(s) of plant security and design basis threat**
- **NRC's Task Force on potential terrorist attacks**
- **Actions taken by various states re: NG and SP**
- **Recommendation for continued deployment of NG**
- **Security events or threats at nuclear power plants**
- **Expectation for plants to remain at Level 3, i.e., will this now be the normal status?**
- **Future of performance-based evaluations**
