

RIC 2004
New Reactors/Advanced Reactors
Session W7

Looking Forward to COL

Gene Grecheck, Vice President
Nuclear Support Services
Dominion Energy
March 10, 2004

A Successful COL Process is

- ◆ Certain
- ◆ Stable
- ◆ Timely

Certainty Issues

- ◆ ESP/DC/COL interface
- ◆ How much design information is enough?
- ◆ Post-COL challenges

Stability Issues

- ◆ New hearing process
- ◆ ITAAC closure process
- ◆ Programmatic ITAAC
- ◆ COL guidance

Timeliness Issues

- ◆ Review schedule
- ◆ Inspection/construction coordination
