

Mr. Magerr has a B.S. in chemical engineering from Widener University and has worked in the environmental field for over 25 years. During that time, Mr. Magerr has worked in both air and water control programs. Programs worth noting include; Air Toxics, Wastewater Permitting, Storm Water Control and NPDES Enforcement. As the Regional Storm Water Coordinator, Mr. Magerr was involved with the development and implementation of the Phase I Storm Water regulations and the Multi-Sector General Permit. Currently, Mr. Magerr is working in the Environmental Assessment and Innovation Division in the review of NEPA projects. When not working Mr. Magerr enjoys running, coaching and watching his five kids play various sports.
