

Robert C. Pierson is the Director, Division of Fuel Cycle Safety and Safeguards, Office of Nuclear Material Safety and Safeguards (NMSS). Mr. Pierson began his career in the United States Navy where he served as a nuclear trained submarine officer. After leaving the Navy in 1981, he worked for Wyle Laboratories in Huntsville, Alabama. In 1983, Mr. Pierson came to work for the U.S. Nuclear Regulatory Commission in Region II, where he first served as a Resident Inspector at the McGuire Nuclear Station in Huntersville, North Carolina.

In 1986, Mr. Pierson came to Headquarters where he served in a variety of positions in the Office of Inspection and Enforcement, the TVA Projects Division of the Office of Special Projects, and the Office of Nuclear Reactor Regulation (NRR) where he was selected into the Senior Executive Service as a Project Director in 1990. While in NRR, Mr. Pierson also served in management positions in the Advanced Reactor and Standardization Project Directorates. In 1993 Mr. Pierson was assigned as the Chief of the Fuel Cycle Licensing Branch in NMSS.

In 2000, Mr. Pierson was appointed to his most recent position of Deputy Director, Division of Fuel Cycle Safety and Safeguards, NMSS. Mr. Pierson holds a B.S. degree in Physics from West Virginia University, and a Master's Degree in Mechanical Engineering from Johns Hopkins University. He is a licensed Professional Engineer in the States of West Virginia, North Carolina and Maryland, and a licensed Professional Land Surveyor in the State of West Virginia.
