

Mr. Tim Runyon is a 28-year veteran of the Illinois Emergency Management Agency's Division of Nuclear Safety (formerly the Illinois Department of Nuclear Safety) and manages the agency's Environmental Monitoring and Transportation Section. He has been involved in the Illinois spent nuclear fuel and high-level waste inspection and escort program since its inception in the early 1980's. He is also a former chairman of the Midwestern Office of the Council of State Government's Radioactive Materials Transportation Committee and is an active member of several other DOE transportation committees.
