

Steven Nowlen

Distinguished Technical Staff Member - Sandia National Laboratories

Mr. Nowlen (or Steve) is a Distinguished Member of the Technical Staff in the Risk and Reliability Department at Sandia National Laboratories.

Steve has been actively involved in NRC's fire research programs for over 23 years, and is currently the program area lead for ongoing NRC-sponsored fire programs at Sandia. He has authored or co-authored over 70 publications on the subject of nuclear power plant fire safety including 20 NUREG/CR reports. He was a member of NRC's Senior Review Board during the IPEEE process, is one of the principal authors of the recently published RES/EPRI consensus Fire Risk Analysis methodology (NUREG/CR-6850), and is a member of the Core Writing Team for the American Nuclear Society's (ANS) Fire PRA standard.
