

Mr. Dyer is the Director of the Office of Nuclear Reactor Regulation, U.S. Nuclear Regulatory Commission (NRC), located in Rockville, Maryland. He directs staff responsible for the development and implementation of rulemaking, licensing, oversight, and event response activities at the power reactors and research and test reactors in the United States.

Specifically, Mr. Dyer develops policy and guidance for reactor facilities, oversees the implementation of policies established for license extension activities, sets the agency's inspection policies, which are implemented at reactor facilities nationally by four regional offices, and oversees rulemaking activities for reactors, dispositions emerging technical issues that affect operating facilities. Mr. Dyer represents NRC reactor programs both domestically and internationally, and is also a critical member of the agency's Emergency Response Team should an event occur at a domestic facility.

Mr. Dyer was previously the Regional Administrator in Region III from 1999 - 2003, and Deputy Regional Administrator in Region IV from 1997 to 1999. While in Region IV, he also held the positions of Director of the Division of Reactor Projects from July of 1995 to February 1997, and Deputy Director of that Division since June of 1994. Before joining Region IV, Mr. Dyer was a Project Director and Section Chief in the Office of Nuclear Reactor Regulation and Chief of the Regional Operations Staff in the Office of the Executive Director for Operations. He joined NRC in 1983 as an Inspector in the Office of Inspection and Enforcement.

Prior to joining the NRC, Mr. Dyer was an engineering consultant and manager with TRACOR, Inc., from 1978 to 1983. He also served as a submarine officer in the U. S. Navy from 1973 to 1977.

Mr. Dyer received a Bachelor of Science Degree in Chemistry in 1973 from the University of California (Davis), a Masters Degree in Business Administration (MBA) in 1982 from Frostburg State University in Maryland, and an Associate Degree in Accounting from Montgomery College in 1986.
