

Nilesh Chokshi

Dr. Nilesh Chokshi is the Deputy Director, Division of Site and Environmental Reviews, Office of New Reactors. Dr. Chokshi joined the NRC in 1980 as a Structural Engineer in NRR. He has since held progressively more responsible positions at the NRC, including Chief, Seismic Engineering Section; Chief, Materials Engineering Branch and Operating Experience Risk Analysis Branch; and Deputy Director, Radiation Protection, Environmental Risk and Waste Management Directorate in the Division of Fuel, Engineering & Radiological Research.

Prior to joining the NRC, Dr. Chokshi worked for 7 years as a Senior Design Engineer at architectural/engineering firms involved in design and construction of nuclear and fossil power plants. Dr. Chokshi holds a Bachelor of Science degree in Civil Engineering from M. S. University of Baroda, a Master of Science degree in Civil (Structural) Engineering from University of Michigan, and a Ph.D. degree in Civil (Structural) Engineering from Rice University.
