

## **Kevin Coyne**

Kevin Coyne is the Chief of the Probabilistic Risk Assessment Branch in the U.S. NRC's Office of Nuclear Regulatory Research. He has been with the NRC for over fifteen years and has over twenty years of experience in the nuclear field. His work experience includes nuclear power plant operations, maintenance, and inspection, in addition to quality assurance and probabilistic risk assessment. He received his doctorate in Reliability Engineering from the University of Maryland and is a Licensed Professional Engineer.
