

Khammar Mrabit

Ph.D.: Nuclear physics, University of Stasbourg, France.

Engineer: Reactor physics from the National Institute of Nuclear Sciences and Techniques (INSTN), Saclay, CEA, France.

Work experience and current responsibilities

Dr. Mrabit has more than 25 year experience in radiation and nuclear safety. He joined the International Atomic Energy Agency (IAEA) in 1986, where he has been involved in many nuclear and radiation safety activities.

From December 1999 to July 2008, he was the Head of the Regulatory Infrastructure and Transport Safety Section (within the Radiation, Transport and Waste Safety Division).

Dr. Mrabit has been Head of the Safety and Security Coordination Section since August 2009, within which programmes for the IAEA Safety Standards, for their use and application, and for capacity building in Member States are coordinated.
