

## **F. Paul Peduzzi**

Mr. Francis P. Peduzzi joined the NRC in January 2003 as a Security Specialist in the Office of Nuclear Security and Incident Response (NSIR). Since that time, Francis has held progressively more responsible positions in NSIR, including a promotion to Senior Security Specialist in 2004 and a promotion in 2006 to Team Leader for the Reactor Oversight Team, within the Reactor Security Oversight Branch of NSIR. Mr. Peduzzi's critical areas of expertise include, nuclear security training and qualification, oversight of security inspections conducted by the NRC at power reactor facilities, and power reactor security plan review and approvals. Prior to joining the NRC, Mr. Peduzzi worked for the Constellation Energy Group at Calvert Cliffs Nuclear Power Plant, and the Department of Defense at Fort Meade, Maryland for the National Security Agency. He received his B.A. in Criminology from the Indiana University of Pennsylvania.
