

David Pelton

David L. Pelton is the Chief of the Aging Management of Plant Systems Branch in the Division of License Renewal, Office of Nuclear Reactor Regulation. Mr. Pelton began his NRC career in 1997 as a Resident Inspector in Region III and has held progressively more responsible positions as Senior Operator Licensing Examiner in Region III, Senior Resident Inspector in Region I, Senior Operations Assistant in the Office of the Executive Director for Operations, and as Chief of Projects Branch 1 in the Division of License Renewal in the Office of Nuclear Reactor Regulation. Prior to joining NRC, Mr. Pelton worked at the Portsmouth Naval Shipyard in the Divisions of Nuclear Test Engineering and Nuclear Performance Assessment. Mr. Pelton received a Bachelor of Science degree in Mechanical Engineering from the Pennsylvania State University and is a 2007 graduate of NRC's Team Leader Development Program.
