

William Reckley

Mr. William D. Reckley is the Chief, Advanced Reactor Branch 1, Division of Advanced Reactor Program, Office of New Reactors. Mr. Reckley joined the NRC in 1987 as a Headquarters Operations Officer. He subsequently moved to the Office of Nuclear Reactor Regulation (NRR) and served as the Project Manager for various operating reactors working with staff and industry groups to improve licensing processes. In 2006, he was selected as Chief, Rulemaking, Guidance and Advanced Reactors Branch, Division of New Reactor Licensing, Office of New Reactors. Prior to joining the NRC, Mr. Reckley worked at Duke Power Company. Mr. Reckley received a Bachelor's degree in Nuclear Engineering from the University of Maryland.
