

## **Barry Westreich**

Barry Westreich is currently the Deputy Director for Security Oversight in the Office of Nuclear Security and Incident Response (NSIR). In this assignment he has responsibility for the development and implementation of the Security Baseline inspection program, which includes the conduct of Force on Force inspection activities. Mr. Westreich started employment with the NRC in 1990 as a Reactor Engineer in the Region I office, and subsequently as a Resident Inspector at the Indian Point Nuclear Power Plant. He has also worked as a Project Manager in the Office of Nuclear Reactor Regulation, as a Senior Enforcement Specialist in the Office of Enforcement and a Branch Chief in NSIR. Prior to his NRC experience he served as an Inspector at several sites in the Department of Energy and as a Chief Test Engineer at Pearl Harbor Naval Shipyard, Hawaii. Mr. Westreich received a Bachelor of Science in Mechanical Engineering from the University of California at Santa Barbara in 1983.
