TH23 Emergency Preparedness Regulatory and Guidance Initiatives

The USNRC, in coordination with the Federal Emergency Management Agency (FEMA), is currently involved in rulemaking to update emergency preparedness regulations and associated guidance. This session will provide an update on these and other future initiatives to improve emergency preparedness programs. In addition, this session will address a proposed revision to Supplement 3 to NUREG-0654/FEMA-REP-1, "Criteria for Protective Action Recommendations for Severe Accidents."
