

**RIC 2010
SPAR Model Peer
Reviews**

David Passehl
NRC Region III SRA
March 10, 2010

11

Regional Senior Reactor Analyst

- SPAR Models used by the SRAs to assess risk of
 - Events
 - Inspection findings
 - Equipment
 - Operator actions

12

Regional Senior Reactor Analyst

- SPAR Models are efficient and effective tools.
- INL SPAR Model team has significant corporate knowledge and expertise.
- Technical Bases for models strongly depends on utility cooperation.
- Level of detail sufficient for NRC use.
