**Legend:** R=Red      W=White      T=Thresholds under development      N=Not Applicable      D=Discrepant  
 Y=Yellow      G=Green      I=Insufficient data to calculate PI      U=Unique Design

IE01 = Unplanned Scrams per 7000 Critical Hours      IE02 = Scrams with Loss of Normal Heat Removal  
 IE03 = Unplanned Power Changes      MS01 = Emergency AC Power System  
 MS02 = High Pressure Injection System      MS03 = Heat Removal System  
 MS04 = Residual Heat Removal System      MS05 = Safety System Functional Failures  
 BI01 = Reactor Coolant System Specific Activity      BI02 = Reactor Coolant System Leakage  
 EP01 = Drill/Exercise Performance      EP02 = ERO Drill Participation  
 EP03 = Alert and Notification System      OR01 = Occupational Exposure Control Effectiveness  
 PR01 = RETS/ODCM Radiological Effluent
