4Q/05: The third quarter 2005 Alert and Notification System PI data is revised from 885 to 884 successful ANS siren tests during the reporting quarter. This change reflects the results of a recent review of a discrepancy between 3rd and 4th quarter data. This revision to previously reported data does not have any affect on the color of the current PI nor would it have affected the PI color in the 3rd quarter of 2005.
