**SUBJECT: UPDATED INSPECTION PLAN FOR TURKEY POINT NUCLEAR GENERATING STATION, UNIT 3 AND UNIT 4 – (REPORT 05000250/2017005 AND 05000251/2017005)**

Dear Mr. Nazar:

The enclosed inspection plan lists the inspections scheduled through June 30, 2019 for Turkey Point Nuclear Generating Station Unit 3 and Unit 4. The NRC provides the inspection plan to allow for the resolution of any scheduling conflicts and personnel availability issues. Routine inspections performed by resident inspectors are not included in the inspection plan. The inspections listed during the last twelve months of the inspection plan are tentative and may be revised. The NRC will contact you as soon as possible to discuss changes to the inspection plan should circumstances warrant any changes. This inspection plan does not include the plan for security-related inspections, which will be sent via separate, non-publicly available correspondence.

The NRC plans on conducting one non-routine inspection per Temporary Instruction 2515/191, "Inspection of the Implementation of Mitigation Strategies and Spent Fuel Pool Instrumentation Orders and Emergency Preparedness Communication/Staffing/Multi-Unit Dose Assessment Plans."

M. Nazar
