

June 30, 1999

MEMORANDUM TO: Commissioner Diaz
FROM: Annette Vietti-Cook, Secretary /s/
SUBJECT: COMNJD-99-002 - NEVADA PUBLIC MEETING ON SPENT FUEL TRANSPORTATION

This memorandum is to inform you that all Commissioners believe that the June 15-17, 1999 public meetings by the staff in Nevada, on Yucca Mountain related activities that included transportation issues, have adequately addressed your request for a public meeting on the topic at this time. In addition, all Commissioners agree to maintain the present schedule for license renewal activities. There will also be ample opportunity for Nevada and other stakeholders to address transportation issues in DOE's development of an Environmental Impact Statement and NRC's licensing process on Yucca Mountain.

This completes action on COMNJD-99-002.
