COMMISSION VOTING RECORD (REVISED)

DECISION ITEM: SECY-97-300

TITLE: PROPOSED STRATEGY FOR DEVELOPMENT OF REGULATIONS GOVERNING DISPOSAL OF HIGH-LEVEL RADIOACTIVE WASTES IN A PROPOSED REPOSITORY AT YUCCA MOUNTAIN, NEVADA

The Commission (with Chairman Jackson and Commissioners Dicus and Diaz agreeing) approved the staff's proposal in Alternative 1 to draft a new, separate part of the regulations that would apply solely to the proposed Yucca Mountain repository. They also agreed to defer updating the generic requirements in 10 CFR Part 60 to a later date. Commissioner McGaffigan disapproved Alternative 1 and would have preferred that Part 60 be revised. This Commission Voting Record was revised to include Commissioner McGaffigan's memorandum to the Secretary dated March 10, 1998.

This Record contains a summary of voting on this matter together with the individual vote sheets, views and comments of the Commissioners, and the SRM of March 6, 1998.

John C. Hoyle
Secretary of the Commission
