## COMMENT RESOLUTION

In their vote sheets, Chairman Jackson and Commissioner Dicus approved Option 2 - to support EPA promulgation of a clearance standard and to then

issue conforming rules and guidance. Commissioners Diaz and McGaffigan approved Option 3 - to proceed independently to promulgate a dose-based regulation for clearance of materials and equipment having residual radioactivity. Commissioner Dicus subsequently agreed to the Option 3 course of action with EPA being explicitly informed. Subsequently, the comments of the Commission were incorporated into the guidance to staff as reflected in the SRM issued on June 30, 1998.
